

Second Applebee's under construction in BA

Broken Arrow Ledger
July 14, 2010

Broken Arrow's second Applebee's is under construction next to the new Olive Garden in The Shops at Broken Arrow development. The site is located near Lynn Lane and the Broken Arrow Expressway.

The Ledger asked B.J. Stolz, vice president of development for the Apple Gold Group, to see if the franchise owner had plans to close Broken Arrow's original Applebee's location when the new store opens.

"Absolutely not, it's a great store," Stolz said. "We have no intention of closing it. We're just trying to fill a place in the market where we saw an opportunity for expansion by building another location in Broken Arrow."

Look for new colors, new signage and a whole new design, he said.
